OCTOBER 20, 1944

INTRODUCTION

GENERAL OF THE ARMY Douglas MacArthur. The name MacArthur belongs to the golden pages of Philippine history, together with such foremost heroes as Jose Rizal, who inspired independence and Emilio Aguinaldo, who fought for freedom. Gen. MacArthur, the soldier, spent a quarter of a century of his life in active duty in the Philippines. In October 1935, Manuel L. Quezon, president of the Philippine Commonwealth, invited Gen. MacArthur to head a military mission, which he took as field marshal in the Philippines. He loved Manila and he was the one that liberated it from the hands of the Japanese invaders at the end of World War II.

During the war, on February 22, 1942, the General was ordered to proceed to Australia to take command of the recently formed Southwest Pacific Area. Before leaving he uttered his immortal words to his men and to the Filipinos, "I SHALL RETURN." On December 18, 1944, Gen. MacArthur was promoted to the newly established rank of General of the Army. With his forces, Gen. MacArthur liberated Manila on February 25, 1945.

In July 1961, during the 15th anniversary of the Republic of the Philippines, upon the invitation of President Carlos P. Garcia, Gen. MacArthur made a sen-

timental journey to the Philippines, his second return. The General knew that his visit to the Philippines, probably would be his last and it was. After his visit, the General stood before a huge crowd on the Rizal Park and delivered his parting message: And now . . . I must say farewell . . . For I must admit, with a sense of sadness, that the deepening shadows of life cast doubt upon my ability to pledge again. "I SHALL RETURN."

General MacArthur died on April 5, 1964. His remains now rest at the MacArthur Memorial, in Norfolk, Virginia. Gen. Eulogio Balao, during his visit to the memorial, wrote in the memorial's guest book, "He is alive in the hearts of 30 million Filipinos. They love him."

CENTURY OLD NOTES

SPEAKING of this postal currency, now that Uncle Sam is paying his honest debts in gold, by retiring "5-20" bonds, we wish a concerted effort might be made to retire all the lesser denominations of this filthy currency, which is a disgrace to the pockets as well as the credit of our people. After circulating till it is so dirty it cannot be read, and so completely worn out by handling that the "authorized agents of the Treasury Department" refuse to redeem it, it finally gets put upon some poor woman making her Saturday night purchases, or some fare-taker who had to accept that or nothing has it returned in his wages. The loss in general falls at last on those least able to bear it. A silver coin of slightly less intrinsic value than those which have "gone to Canada" and elsewhere, would in a very short time cure all the mischief, be acceptable to every body, afford employment to our mint, and restore the delightful "jingle," whose music, whether heard on marble counters or in juvenile pockets, has ever a most comfortable sound. General Grant's "silver age" would then be a fitting sequel to the "golden age" of General Jackson's mint-drops. Who will move in this direction first?—*American Journal of Numismatics*, October 1871.

**PRESIDENT'S
DESK**

Herbert M. Bergen
President

Our executive director informed the board of governors that as of March 15, the dates at which members are dropped for non-payment of dues for the current year, we had a net gain of 1,002 individual members but sustained a net loss of 70 club members.

The loss of club members follows a trend that has prevailed for several years after we reached a high of 1,234 member clubs at the close of 1967. It is apparent that this loss in clubs is due mainly to the recession of interest in many local clubs which were formed during the boom period in the early part of the last decade and which maintained their membership only so long as this boom was in full swing. Many of these clubs were off-shoots from older clubs. Some of the old clubs were weakened by this splitting and a few failed to survive. Many of the new clubs found it difficult to keep going and therefore ceased to exist. Others could not find the means to pay membership dues to ANA and so had to be dropped.

What we have learned from this is that too many clubs were formed in many areas. In an area well known to me there were five clubs before 1960 and all were strong organizations with good attendance averaging more than 100 per meeting. Now there are twelve clubs with an average attendance of fifty to sixty. In another metropolitan area the attendance at four neighboring clubs dropped so low that it was found advisable to amalgamate these four clubs into one club. This is a move that should be given serious consideration in other areas of high population density. One strong club is better than several weak or dying clubs.

In speaking to various smaller clubs which admit to decreasing attendance, it has been noted that these do not have an active program for junior collector participation. To keep such clubs alive it is essential that young collectors be encouraged to attend. The ANA is strengthening its junior program and is doing more and more through the Young Numismatists Committee to help member clubs in this vital activity.

It is also of the greatest importance that the members and officers of all coin clubs should give more time and effort to increasing their membership. As the old members pass on they must be replaced by new members. Good speakers and interesting programs at meetings will do much to attract new members. This takes work that will pay off in time.

It was pleasing to send a letter of congratulations to the Boston Numismatic Society which was holding its 111th annual anniversary meeting on April 13. This club was formed in 1860 and has kept going ever since. It gives evidence that the hobby will never die as long as collectors gather in pursuit of the pleasures that come from coin collecting.

THE TOKEN COLLECTORS' PAGE

by Melvin Fuld, ANA 11932

BEFORE the turn of the 16th Century, tobacco was virtually unknown to the European civilization. The first encounter with it, in fact, was by early Spanish explorers who found the natives of the West Indies sniffing this strange leaf through Y-shaped tubes called the taboca or tobago. The Spanish confused tube with leaf: thus the name "tobacco." Later it was discovered that the leaf was used universally by the Indians of North, South and Central America.

The discoverers, at first, did not see tobacco as a creature comfort; when they did, they were reluctant to admit that Europeans could take comfort of any kind from the savages. Indicatively, it was the common sailor aboard these exploring vessels who first found it satisfied a human need.

After years of unsuccessful attempts by the British Colonists to establish an industrial economy, they decided to try their

hand at tobacco production. Planting a leaf seed variety developed in Spain, they cultivated their hopeful fields in the rich and fertile soil of Virginia. In 1613 they made their first shipment to England and laid foundation for the Colony's economic existence. So great was the need and importance of tobacco, as a result, that in 1703 the colonies exported 23 million pounds of leaf to the London markets.

Tobacco became legal tender, used to pay salaries, debts and taxes. Tobacco, subsequently, played a large part in the American struggle for Independence as well. During a 1758 trial involving Virginia's right to pay debts in currency in lieu of tobacco, Patrick Henry served as lawyer for the defense of the Colony's taxpayers against the Crown; he won and later sounded the call to independence with "Give me liberty or give me death." And even as the Revolutionary War ended, the Virginia General Assembly reverted to the practice of paying salaries in leaf tobacco, the Continental currency having lost its value.

Tobacco eventually came into its own in many different forms and was used accordingly during the peak years of chewing tobacco (1890-1910), the great age of cigars (1890-1920), the revival of pipe smoking (1900-1940) and, of course, the universally popular American cigarette in 1921.

In efforts to call attention to their businesses and products, tobacco store merchants had advertising tokens made. The following examples are but a few the many tokens representing that product which goes unrecognized as the influential factor in the American foundation.

A very well executed piece with reeded edge. Their enterprise was founded in 1878 by Johnson & Davis, a year later Davis became the sole proprietor. The business has been conducted since under his name. Established originally at 34 Light Street, the present location is 119 S. Howard Street. The firm handles tobacco, cigars, cigarettes of all kinds, candies and novelties. Their stock contains the products of the best known firms. They, themselves, produced many popular brands and did business in Maryland, Virginia, North Carolina, Pennsylvania and other states.

While this appeared to be a maverick, the fact that Wright of Cincinnati made the piece, prompted us to write to Clara Migley of Lancaster to check on the piece. She advised that this store was opened in Lancaster, Ohio, in 1910, but is no longer in business. A very well struck piece, as is typical of Wright's die work, unusually thick (1.4mm) for pieces of this type.

Perhaps more importantly, Mary T. Brooks is greatly admired for her interest in young collectors and her desires to promote interest in coin collecting.

James A. Conlon, director of the Bureau

More recently, he was named director of Manufacturing (1964), and then assistant director (June, 1966), deputy director (Dec., 1966) and director (1967) of the bureau.

Miguel L. Muñoz of Mexico is to talk on "Pancho Villa's Coins and Bills." Born in Jalisco, Mexico, he started collecting coins in his childhood at Cuernavaca. He

attended engineering schools in Mexico, and in eastern and western U.S. colleges, but turned to business rather than engineering.

With his wife, he has traveled to 82 countries, and has been in contact with numismatists on the five continents. He has presented numismatic talks in Europe, Australia, the Far East, and in New York, Los Angeles and Houston.

Several of his articles have been published in *The Numismatist*, and translated into Spanish, Czechoslovakian, German and Polish. He has been a judge at numismatic shows for years, and is an honorary member of many numismatic societies.

Joel L. Malter was born in Brooklyn, N.Y., and located in California after World War II. Concurrently with his teaching, Mr. Malter continued his numismatic interests, and became very active in the field of ancient Greek and Roman coins.

Appropriately, his talk at the forum will be on "New Ways to Collect Ancient Coins."

He eventually was forced to give up his teaching to devote full time to his numismatic business. Recently his ancient coin firm moved to larger quarters in Encino, Calif., permitting him to publish "*The Journal of Numismatic Fine Arts*." He was accepted into the International Association of Professional Numismatists last year.

HEAD JUDGE NAMED

J. Roy Pennell, Jr., of Anderson, So. Car., a "collector of all types of numismatic material" by his own admission, has agreed to serve as head judge for the 80th anniversary convention exhibit.

This diversity of interests, and the high regard in which he is held by leading numismatists, equips him ideally for the head judging responsibilities, in the eyes of exhibits chairman Dr. V. Clain-Stefanelli.

Mr. Pennell has been an ANA member since 1945, and is also a Fellow of the American Numismatic Society. He was named to the 1969 U.S. Assay Commis-

sion, and is vice president and governor (and former secretary) of the Society of Paper Money Collectors.

He has authored a book on North Carolina Obsolete Bank Notes, and recently was honored by a special exhibit at the Smithsonian Institution.

He is also a former governor and vice president of BRNA, and a former president of the Spartanburg (S. C.) Coin Club, and holds memberships in numerous other numismatic organizations.

LADIES' PARTICIPATION

**Mrs. Dorothy
Andrews Kabis**

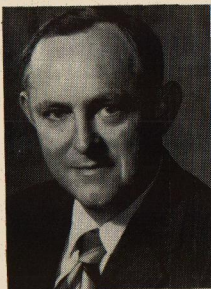

Ladies attending the 80th anniversary convention in the nation's capital will be offered numerous special attractions, according to Herbert W. Price, Jr., general chairman.

The all-important Ladies' Luncheon is scheduled for Thursday, Aug. 12, and will be held at the Lazy Susan, a fabulous restaurant at Shirley Highway and Route 1, in nearby Virginia. Invited guests will be Mrs. Dorothy Andrews Kabis, Treasurer of the United States, and Mrs. Mary T. Brooks, director of the U.S. Mint.

Buses will leave the Washington Hilton Hotel at 10:30 a.m. Following the luncheon a visit will be made to historic Woodlawn Plantation in Mount Vernon, home of Lawrence Lewis—a nephew of George Washington—and Eleanor Parke Custis Lewis—Washington's foster daughter, and Martha Washington's granddaughter.

Eleanor, known as Nelly, was born in Abingdon on the Potomac March 31, 1779. Her parents were Eleanor Calvert and John Parke Custis, who was Martha Washington's son by her previous marriage. On the death of their father, Nelly and her younger brother, George Washington Parke Custis, became wards of the Washingtons.

Immediately following the entrance into a contract of marriage Washington provided Nelly and Lawrence Lewis with 2,000 acres of his Mount Vernon lands, and urged them to build their home (Woodlawn) on a hill overlooking Dogue Creek, with a view of Mount Vernon and the

J. Roy Pennell, Jr.

Potomac.

Dr. William Thornton, first architect of the U.S. Capitol, designed the mansion. It was sold to Quakers from New Jersey and Philadelphia in 1846, passed through a succession of owners for a century, and was acquired by the Woodlawn Public Foundation in 1948. It is now owned and maintained by the National Trust for Historic Preservation in the United States.

Tickets for the ladies' luncheon, and the tour, are presently available at \$6.00 apiece from the preregistration committee (Mr. and Mrs. James A. Payne, P.O. Box 406, Arlington, Va. 22210). Seating accommodations are, of course, limited.

Throughout the convention, a ladies' hospitality suite will function at the Washington Hilton Hotel, opening at 10 a.m. and closing about 9 p.m. Refreshments will be available, and a steady flow of interesting activities, and features, will be provided. Among these are cosmetic demonstrations, beadwork sessions, bridge and other card games, movies, and bingo.

Mrs. George S. Vanderwende of McLean, Va., is chairman of the Ladies' Luncheon committee. She is the wife of the 1941 Washington Numismatic Society president. Her husband has been an ANA member since 1937.

Mrs. Ruth M. Leahy of Arlington, Va., and a native of Orlando, Fla., heads the Ladies' Hospitality committee. She is a member of the host Washington Numismatic Society, and served as 2nd vice president in 1965 and governor in 1966.

HOTEL RESERVATIONS AND PREREGISTRATION

Though the convention is still two months away, room reservations have been literally pouring in. The Washington Hilton Hotel, convention headquarters, has provided blanket rates, and reservations must be made directly with the hotel.

Those planning to attend the convention and show who have not already done so are urged to request preregistration and hotel registration cards from Mr. and Mrs. James A. Payne, Registration Committee, P.O. Box 406, Arlington, Va. 22210.

Those who already have a hotel reservation card would do well to send it in promptly, to avoid the possibility of having to secure other accommodations.

The deadline for preregistration will be July 31, and the Washington Hilton will not accept hotel reservations at convention rates after July 18 . . . and may be "sold out" sooner.

Talton Jack Jones of Arlington, Va., heads the convention housing committee. He is an ANA member, a past president of the host Washington Numismatic Society, and twice co-chairman and once general chairman of the Metropolitan Washington Numismatic Association.

POSTAL SERVICE COOPERATION

Postmaster General Winton M. Blount's U.S. Postal Service is cooperating with the 80th Anniversary Convention in a number of exciting ways.

One such "first" is the establishment of a branch post office on the convention floor, with a special ANA 80th Anniversary Convention postmark, and availability of a stock of commemorative stamps, according to William D. Dunlap, Jr., deputy special assistant to the Postmaster General.

Another is the allocation of a new 16mm. color film, titled "Stamps: A Nation's Calling Cards," which was produced in cooperation with the Bureau of Engraving and Printing, and which naturally places emphasis on stamp production. Background music is by Charlie Byrd, a well known guitarist.

Showing times for this film will be included in the full convention program.

CONVENTION AUCTION

Stack's of New York will conduct the convention auction. Four sessions are planned. The auction will include several quality collections of United States coins, an important grouping of U.S. paper money, one of the finest collections of Russian gold and silver coins to be offered, and a specialized presentation of German States coins.

A profusely illustrated catalog is now being prepared, and will be released about July 1. Those not on Stack's regular mailing list may secure a catalog by writing to Stack's, 123 W. 57th St., New York, N.Y. 10019.

A remittance of \$2.00 must accompany each request. This will also provide for a list of prices realized after the sale.

Many early U.S. type coins are to be represented, and there will be very fine offerings of 1793-1857 half cents and

cents, with varieties. There will also be a section devoted to minor coins—2-cent pieces, 3-cent coins in silver and nickel, and Shield, Liberty and Buffalo nickels.

An outstanding collection of dimes from 1796 onward will be offered, including many of the finest items known; there will be a specialized collection of half dollars from 1795, with special groupings of Liberty Walking pieces, and silver dollars from 1878.

Also, there will be U.S. gold dollars from 1849; an outstanding collection of \$3.00 gold; and Half Eagles, Eagles and Double Eagles, including a \$10.00 1907 Rolled Edge.

ANA EVENTS

Three important American Numismatic Association programs have been firmed up, and will be held on as many different days during the convention.

The Advisory Council, consisting of past ANA presidents and former members of the board of governors, will meet Thursday, Aug. 12, from 9 to 11 a.m. in the Lincoln Room.

A District Representative's breakfast is scheduled for Friday, Aug. 13, at 8 a.m., also in the Lincoln Room.

And, a breakfast meeting of the ANA Club Representatives will be held Saturday morning, Aug. 14, at 8 a.m. in the Jefferson Room. This session will be chaired by Glenn B. Smedley of La Grange Park, Ill., an ANA governor.

It is expected representatives of over 200 clubs will participate. Tickets for the Club Representative's Breakfast will be \$4.00 apiece, and are obtainable through preregistration or, in the course of the convention, at the registration desk.

Arthur Sipe of Drexel Hill, Pa., heads the convention Past President's committee. He was ANA president 1967-69; first vice president 1965-67; a member of the board of governors 1957-69, and district secretary. He is presently chairman of the ANA Advisory Council.

Bradley F. Bennett of Washington, D.C., a native of New Milford, Conn., heads the Club Representative's Breakfast committee. He is an ANA member, and also belongs to the host Washington Numismatic Society, Montgomery County (Md.) Coin Club, Ancient Coin Club, OIN, SAN and Numismatics International.

YOUNG NUMISMATISTS

The younger generation will have their own special "thing" Thursday, Aug. 12, as an important part of the 80th anniversary convention program.

The day will open with an early morning "VIP" tour of the White House, arranged through the office of Sen. Peter H. Dominick (R, Colo).

Immediately following the White House tour, the young collectors are to cross over to Treasury, where the exhibition hall will be open for a special tour. They will meet Mrs. Mary T. Brooks, director of the Mint, and will see her "antique office," furnished with items from the San Francisco Mint (circa 1870s).

Leaving Treasury, the group will cross the Mall to the Bureau of Engraving and Printing, for a visit hosted by James A. Conlon, director. The group will be broken up into units of eight or ten to permit greater latitude.

Following lunch, the younger numismatists will visit the Smithsonian Institution's fabulous numismatic display in the Museum of History and Technology, and, in due course, will return to the Washington Hilton.

Walter L. Mason, Jr., of Silver Spring, Md., is convention chairman for young numismatists' participation. He is a sponsor of the Washington (D.C.) Junior Numismatic Club; a past president of the Montgomery County (Md.) Coin Club; vice president of the Washington (D.C.) Numismatic Society; and holder of several offices in the Metropolitan Washington Numismatic Association.

David L. Ganz, recently named editor of a new quarterly, the *Young Numismatist*, sponsored by the American Numismatic Association, and Young Numismatists representative for the District of Columbia, Virginia and Maryland, is also active on the convention committee.

A native New Yorker, he is presently attending Georgetown University in Washington. He is an ANA junior member, and is also affiliated with the Great Eastern Numismatic Association (GENA), and OIN.

PAGES

Boys personally selected from Wheaton (Md.) area scout troops and the Wheaton Boys' Club will serve as the nucleus of the page service throughout the con-

vention exhibition and bourse.

Others, over fourteen years of age, from other areas in metropolitan Washington are, of course, eligible, providing they are responsible, well-mannered and have some interest in the hobby.

Jay D. Cox, 2613 Newton St., Wheaton, Md. 20902, chairman of the Pages committee, will welcome inquiries from young folk (girls, too) who are interested in this area of service.

Pages will serve on six to eight hour shifts, with older boys only "on duty" evenings. They will rotate every hour or two from the dealer area to registration and communications, and one will be assigned to general chairman, Herbert W. Price, Jr., and his staff, at all times.

WASHINGTON NUMISMATIC SOCIETY

The host to the 80th anniversary convention is, of course, the Washington Numismatic Society.

Curiously, Washington (D.C.) collectors invited the fledgling American Numismatic Association to hold its fourth convention (1895) in the nation's capital, even though there was no functioning coin group in existence.

It was not until 1927 that a numismatic organization—known as the Washington Coin Club—was formed, with George H. Russell as president, John Zug as vice president, and Gustav N. Emery as secretary-treasurer.

After March, 1933, owing to apparent

lack of interest, and the long illness and death of its one and only president, the club disbanded.

By January of 1936, interest in a coin group revived, and the Washington Numismatic Society came into being. Nine months later this club bid for another ANA convention, which was held in 1937.

Joseph A. Clarke of Takoma Park, Md., is currently president of the Washington Numismatic Society, and is an assistant general chairman for this year's ANA convention.

Present honorary members of the Washington Numismatic Society are: Dr. and Mrs. V. Clain-Stefanelli, numismatic curators of the Smithsonian Institution; Miss Eva Adams, former Director of the U.S. Mint; Mrs. Nellie Tayloe Ross; D. Wayne Johnson; and Ben Douglas, the other assistant general chairman for this year's convention.

Herbert W. Price, Jr., general chairman of the 1971 ANA convention committee, was WNS president in 1962; Brent H. Hughes, designer of the convention medal, was president in 1970; Talton Jack Jones, housing chairman, headed the club in 1968; and Howard M. Rosenberg, 1961 president, is responsible for the convention banquet.

Eldridge G. Jones of Washington, president in 1947, is now an ANA governor, and Lt. Col. Adna G. Wilde, Jr. (1967) is currently ANA executive director.

Numismatic Fortunes

GEMINI

May 22 — June 21

The fighters, both mentally and verbally, on economy, numismatic services of the government, finance in club matters, and, of course, coin collecting in general. Our numismatic authors, researchers and lecturers are found often among the Gemini.

The above medal is often mistaken for the twins of the zodiac, but it is the reverse of a 68mm bronze piece honoring Jean Tharaud, a member of the Academie Francaise. Tharaud, with his brother, Jerome, was a popular narrative writer and essayist of the early 20th century. The "twins" symbolize the two brothers and the sign belonged to neither of them. Nor were they twins.

FEATURING FAKES

DO YOU HAVE THE ORIGINAL?

This is urgent!

Only 6% of ANA's members have contributed to the earmarked fund to get ANA's authentication service into operation.

Why?

Only 256 coin clubs out of some 1,000 ANA chapter clubs have made any donation!

Why?

Let's get this authentication show on the road, sufficiently funded so that it won't fold up after six months. Send your tax-deductible checks (marked "for authentication") to ANA, Box 2366, Colorado Springs, Colo. 80901.

Now, let's get on with the fakes for this month.

* * * * *

Practice makes perfect!

And somebody in Southeast Asia has been getting plenty of practice these past four or five years . . . and almost, but not quite, has reached perfection.

Today you'll see five silver coins . . . all cast counterfeits . . . all from Southeast Asia . . . all sold as genuine . . . all but one sold to one man. How lucky could he get!

At the top of this page you see a cast counterfeit of the British East India Company's Victoria Queen rupee of 1840, Friedberg 132/5. But that's not all.

Cast into the obverse of this 1840 rupee is a China mainland chopmark at 8:00 o'clock, and also an indecipherable countermark just below Victoria's ear. Those marks were, of course, in the original coin from which the thief made his mold for casting.

The crook made two mistakes in manufacturing this coin but, as is my custom, I shall refrain from educating him as to what he did wrong.

At the bottom of the opposite page is another cast counterfeit, complete with cast c/m's.

This is a Guatemala one peso, with two validating Guatemala c/m's . . . the three sun-topped volcanoes on one surface, the c/m of a star superimposed upon a bow-and-arrow on the other . . . on a Peru 8 reales of 1834. (Says Holland Wallace, it seems accepted that Guatemala countermarked crowns of other countries, some time between 1840 and 1851, to validate such crowns for use as Guatemala 1-peso coins.)

At the top of this page you'll see a cast counterfeit of the Straits Settlements fifty cents of 1890, Friedberg 184/1.

Again, there was a Chinese c/m on Victoria's throat on the original coin which was used as the pattern for this counterfeit.

And, at the bottom of this page are two more "gems" from the same source.

One is a Straits Settlements 20 cents piece of 1927 (Friedberg 185/26) which merely is a cast counterfeit, no c/m on this one.

The one to your right is a cast counterfeit of a 1910 Sarawak 10 cents, Friedberg 175/7.

The original of this Sarawak piece had been struck twice with the Chinese c/m punch on the cheek of Rajah Charles Johnson Brooke (1868-1917).

The point I want to make is that none of these five silver coins would be expensive in genuine specimens. Yet ANA's authentication service would be needed to protect the uninformed collector and dealer.

A further point I want to make is that today's counterfeiter doesn't content himself with making just one fake specimen of any given coin. He's in the manufacturing business. He uses production line methods. He'll turn out bags . . . not just rolls, but bags . . . of the same faked coin. Then he spreads the sale of his production all over the world, to defer the day when collectors will realize that there all of a sudden seem to be too many of such-and-such a coin on the market.

* * * * *

Honestly, now, can't your club spare \$50 to the authentication service?

William B. Gillen — Nelle Bly Godsmark
Louis G. Walrath

WILLIAM B. GILLEN
ANA-49871

William B. Gillen, 71, Warren, Ohio, died on March 20, in St. Anthony's Hospital, St. Petersburg, Fla., following a two-day illness. He was vacationing in Florida when he became ill.

He was born in Warren, Ohio, on March 19, 1900. He was department manager of the Ohio Lamp Plant when he retired in 1962. Prior to going to Ohio Lamp, he was employed at GE's Nela Park in Cleveland for many years.

Mr. Gillen joined the ANA in 1963 and was also a member of the Token and Medal Society; past president and life member of the Warren Coin Club, Warren, Ohio; Newton Falls Coin Club, Newton Falls, Ohio; Niles Coin Club, Niles, Ohio; and the Penn-Ohio Coin Club. He was exhibit chairman for the latter at their Fall 1970 convention in Warren, Ohio.

Survivors include his wife, Martha Owen Gillen, and a brother, Raymond P. Gillen, Newton Falls, Ohio.

He gave many of his later years to the younger generation of coin collectors in the area.—JMG.

NELLE BLY GODSMARK
ANA-51084

Mrs. Nelle Bly Godsmark, 64, Kansas City, Mo., passed away on March 8, after a long fight with cancer. She was an outstanding member of the Heart of America Numismatic Association.

Mrs. Godsmark had served HANA for many years and had held an elective position for the past fifteen years, serving as secretary or treasurer. She had also served as registration chairman for twelve of the last fourteen annual conventions sponsored by the club. She was also registration chairman for the Central States Numismatic Association's Kansas City convention in 1959 and 1964, and the

Retail Coin Dealers Association Convention in 1967.

She was nationally known by most of the coin dealers through her efforts at the registration tables at these major conventions. She had also attended several of the past ANA conventions as club representative until the St. Louis event, which she was determined to attend, but illness forced her to be hospitalized.

Services were held in Kansas City on March 10 with burial in Lawson, Missouri. Her husband, E. A. Godsmark, also an ANA member, preceded her in death in 1964.—ROL.

LOUIS G. WALRATH
ANA-9907

Louis G. Walrath, 78, passed away March 14, 1971, at Vista, California. Born in Cooperstown, N.Y., he started out early on his own, served his apprenticeship as a sheet metal worker and continued in that trade until his retirement.

A veteran of World War I, he enlisted and served as an electrician-sergeant throughout the war. After his discharge from the service he returned to Los Angeles in 1920 where he became a member of the Collectors Club and this was the beginning of what eventually developed into an outstanding collection of coins and stamps.

He was not only an avid collector but enjoyed the many friends that he came to know through the hobby of numismatics. As long as his health permitted he attended many of the ANA annual conventions. He joined the California State Numismatic Association as member no. 211, and in later years became life member no. 1-27, again enjoying all the California State semi-annual conventions with few exceptions. He was a long-time member of the Orange County Coin Club and the San Diego Numismatic Society.

His many friends extend their sympathy to his wife, Gail.—WOW.

NEW & RECENT ISSUES

by Ernst Kraus, LM 129

It is the important duty of *The Numismatist* to record and illustrate new coins. To accomplish this, members in the United States and abroad are invited to submit new issues to Ernst Kraus, Room 939 (include room number in address), 393 Seventh Ave., New York, N. Y. 10001. Coins will be photographed and returned as soon as possible, and a credit line will be given to anyone assisting.

AJMAN

As plans are finalized for the activation of the Federation of Arab Emirates, a federation that would link the Persian Gulf states of Bahrain, Qatar, and the seven Trucial States—Abu Dhabi, Dubai, Sharjah, Ras al Khaima, Fujairah, Umm al Quaiwain, and Ajman, each rushes to assert its independence with a proliferation of postage and coin issues intended for outside distribution and not for local circulation. The federation is aimed primarily at a common defense for these Arab states as the British continue to withdraw their protective umbrella from the region. Plans call for Abu Dhabi to serve as the provisional capital of the federation and the day will come when a common currency will serve the area, but in the meantime each state continues to add to its revenues with issues that have no correlation to the country of issue. Ajman, a state so small that few encyclopedias give it a singular listing, is no exception. Ajman, with "its dependencies" which consists of a town, has a total population of about 3,000.

EASTERN CARIBBEAN CURRENCY AUTHORITY

The eight island states comprising the Eastern Caribbean Currency Authority, Antigua, Barbados, Dominica, Grenada, Montserrat, St. Kitts, St. Lucia, and St. Vincent, have cosponsored an issue of coinage designed to create funds for the Caribbean Development Bank established in 1970. It is expected that through the premiums earned from the sale of these coins to collectors that over \$200,000 (US) will be raised. The coins all share a common reverse issued in conjunction with the Food and Agriculture Organization's (FAO) coin plan to focus attention on the need to grow more food and for small nations to become more self-sufficient. All the coins in the East Caribbean Currency Authority FAO issue carry a face value of \$4.00 (\$2.00 US), and are available to collectors through the Crown Agents Coin Bureau, Sutton, Surrey, England.

ANTIGUA

On February 27, 1967, Antigua shed its colonial status and became an independent state in association with Great Britain. The greatest attraction of the island lies in its beautiful coves and beaches. Although tourism is becoming Antigua's prime economic asset, it is devoid of mass-tourism and still retains its authentic island atmosphere with modern amenities through its impressive number of resort hotels.

DOMINICA

Dominica was the first island discov-

ered by Columbus on his second voyage to the New World and owes its name to its having been sighted on Sunday, November 3, 1493. It is the most northerly of the four Windward Islands, the others being Grenada, St. Lucia, and St. Vincent. Dominica lies between the French islands of Guadelope and Martinique and the main export consists of bananas, thus the reverse design of the new omnibus issue is most appropriate.

Diameter 38.7 mm. Weight 28.3 grams. Edge milled.

GRENADA

Grenada, which is one of the four Windward Islands, is situated roughly in the southeast corner of the Caribbean with the Atlantic Ocean lying to the east. Also discovered by Columbus, it has an area of roughly 120 square miles. Carriacou Island, one of a small group of islands known as the Grenadines lying to the north, contains a further 13 square miles and is included in Grenada as an administrative unit. Both suffered a major disaster from Hurricane Janet in 1955. The damage to the island's economy was profound and the economic effects far-reaching. Over 70 percent of the nutmeg trees were destroyed and it takes 15 years to bring a new nutmeg tree to full bearing. Needless to add, nutmeg is one of the major exports, so important that it is the central motif of the national flag and the main subject of its cooperative coin issue.

MONTserrat

Montserrat is among the Leeward Islands that lie roughly midway in the arc of the West Indian Islands stretching from Jamaica to Trinidad, with the Caribbean Sea to the west and the Atlantic Ocean to the east. Discovered by Columbus in 1493, it became British in the 17th century. The economy is based on agriculture with emphasis on sea island cotton.

St. Kitts

The state, which is situated in the Leewards, consists of the islands of St. Christopher (usually known as St. Kitts), Nevis, Anguilla, and Sombbrero, the latter only a rocky islet less than two miles square. St. Kitts—which is reputed to have been named by Columbus after St. Christopher, but it is believed by others that the island profile looks like St. Christopher with the infant Jesus on his back—was once the haven for pirates. The group made numis-

matic history a few years ago when Anguilla tried to secede and establish its own independence. Enterprising stateside coin dealers arranged to have "an independence issue" created by the counter-stamping of crown-sized silver coins of Mexico, Panama, Peru, the Philippines and Yemen.

St. Lucia

St. Lucia is a link in the chain of islands known as the Caribbean Volcanic Arc. It lies about 24 miles south of Martinique. It is not certain who discovered and named St. Lucia but, as early as 1511, Ferdinand of Spain looked upon Sancta Lucia of the "Indies" as part of his dominions in the New World. It was then considered one of the Carib islands. In 1605 the English tried a settlement but were driven out by the Caribs. It happened again in 1639-40, then the French tried it in 1650-51 with the same results. From 1663 to 1803 the English and the French periodically quarreled over St. Lucia; it was seven times British and seven times French. At the

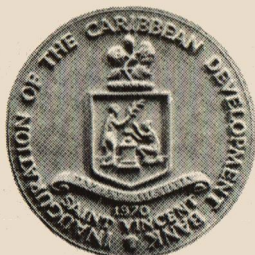

end of the Napoleonic Wars it was definitely ceded to Great Britain and received free statehood with Britain in 1967.

Y-7. 4 dollars, 1970. Cupro-nickel. Obverse: The official coat-of-arms in the center; **1970 / SAINT LUCIA** below; and around the legend same as on preceding. Diameter 38.7mm. Weight 28.3 grams. Edge milled.

ST. VINCENT

The island of St. Vincent was discovered by Columbus on January 22, 1498, (St. Vincent's Day). This island, too, changed hands periodically with the French and English, but was restored to Britain with the Treaty of Versailles in 1783. One of the main features of the island that catches the attention of the newcomer is the Soufriere, or volcano, situated at the northernmost extremity of the island. It last erupted in 1902 causing great devastation and loss of life, but has been inactive since. The main crop today is bananas with the production of sea-island cotton ranking well down on the lists of the state's exports, but a few years ago the fine quality of St. Vincent's cotton was known to connoisseurs the world over—a fact which is commemorated by the cotton twig appearing in the design of national crest—the central feature of the obverse of its coinage issue for the joint release.

EQUATORIAL GUINEA

The African republic of Equatorial

Guinea, formerly Spanish Guinea, comprises Rio Muni on the African mainland and the two offshore islands of Fernando Po and Annobon. Although an independent nation, Equatorial Guinea remains economically dependent on its former colonial masters. The monetary unit—peseta Guineana, introduced in 1969, is at par with the Spanish peseta and the coins struck for circulation, not to be confused with issues made strictly for collector sale, are coined at the Madrid Mint.

ISRAEL

As reported in the May edition of *The Numismatist*, Late World Coin News, the Bank of Israel issued on April 29, 1971, the latest in its series of commemorative coins marking Independence Day. This 23rd anniversary issue is dedicated to science-based industries that help the country strive to become a land of science. 22,500 uncirculated specimens are being struck at the Jerusalem Mint and bear the mintmark in the form of a six-pointed Star of David. An additional 30,000 uncirculated specimens will be struck at the Utrecht, Holland, mint and another 17,500 proof specimens bearing the "mem" mintmark will also be made there at the state mint.

Y-53. 10 Israeli pounds, 1971. Silver (.925). Obverse: An artistic rendition of a cogwheel rotating a molecule; in Hebrew around upper part and at right, "Science in the Service of Industry." Reverse: Stylized atomic reactor building at Nahal

Sorek; above, in Hebrew, "10 Israel Lirot"; in exergue, **1971** the Gregorian date and repeated in script is the Hebrew equivalent by their calendar; the identification **ISRAEL** appears below in Arabic, Hebrew and English. Diameter 37mm. Weight 25 grams.

SOUTH KOREA

The Koreans are proud of the fact that they first introduced the iron-clad battleship centuries before the Western world. This has been the topic of many of their coinage issues over the years. Admiral Yi Sun Sin defeated a Japanese invasion attempt in 1592 by the use of iron-clads and their latest coinage issue continues to commemorate this event.

Y-7. 100 won, 1970. Cupro-nickel. Obverse: Portrait of Admiral Yi Sun Sin facing; in Korean characters, 100 Won; and legend below, also in Korean, Bank of Korea. Reverse: Large **100** in center for value; date **1970** below; all within ornamental border. Diameter 24mm. Weight 5.42 grams. Edge milled.

YUGOSLAVIA

Yugoslavia has joined the growing

list of FAO coin plan supporters with two additional issues of coins representing new highs in denominations intended for general circulation. The coins were authorized by the government in mid-1970 and the FAO reports that the coins can be obtained direct from the National Bank of Yugoslavia, P.O. Box 1010, Belgrade. Collectors are urged to write first for complete details as coins are sometimes not available in the quantity or prices reported by FAO.

Y-43. 2 dinar, 1970. Cupro-nickel-zinc. Obverse: Coat-of-arms of the Federal Republic of Yugoslavia—six torches with wheat surrounding, surmounted by a star; legend **S.F.R. JUGOSLAVIJA** in Latin letters below and Cyrillic letters above. Reverse: Stylized wreath of wheat joined at stems with **FAO**, and at top with the motto **FIAT PANIS** (Let There Be Bread); in the center the numeral **2** for value surrounded by the word Dinar in Latin and Cyrillic script in the four main languages of the country—Serbian, Croatian, Slovenian, and Slavonian; the date **1970** completes the circle. Diameter 24.5mm. Weight 5 grams. Edge milled.

Y-44. 5 dinar, 1970. Cupro-nickel-zinc. Similar to preceding except for size and value. Diameter 27.5mm. Weight 6.75 grams. Edge milled.

ANA ANTHEM

In reference, for information on the so-called ANA Anthem in the April issue of *The Numismatist*, this will take me back when I attended my first ANA convention in Chicago 1933.

The attendance averaged about 90 to 100. Members and their friends would arrive about a week before the convention date, this was their custom, then known as a family reunion. Groups would arrange and entertain each other; it was just a merry-go-round. I recall attending the party the night before the opening of the convention, which took place in the Congress Hotel. It was quite a gala group, everyone was gay and merry. Frank Duffield, who was the editor of *The Numismatist*, handed me four batches of white sheets of paper and asked me to pass four sheets to each person at every table. Each sheet had a song different from the others.

Mrs. Cora Henderson, a very gracious lady and the wife of Dr. Henderson of Columbus, Ohio, past president of the ANA, acted as social hostess during the previous ANA conventions, selected someone to play the piano. Mrs. Henderson would select the song and all would join in to sing to the popular tune of that period. It appeared that quite a number of members had outstanding musical talents. This went on and on during the entire evening. I don't recall that any singing took place during the banquet, although they did have a string quartet to entertain.

I believe that Chicago 1933 was the last of the singing. I don't recall any other con-

vention using these sheets. I attended every convention since 1933 and with the help of God, hope to attend the one in Washington.

I fear you tried to pull an April fool joke on us. On page 502 you published a song with "mysterious" initials, W.F.D. Come on now, you are pulling our collective legs. Or is it just because I am a druggist, too, that I see the name William Forrester Dunham, a past chairman of the board?

LIBRARY REPORT

ANA REPRINT ON PAPER MONEY CARE IS NOW AVAILABLE

Because paper money is paper, many of the increasing numbers of paper money collectors are adding bills to their collections so soiled, stained and worn that exhibiting them would undoubtedly prove an embarrassment.

It is along this line that J. J. Curto's reprint from *The Numismatist* attempts to forewarn, aid and educate the paper money collector with informative solutions to his pulp-born pitfalls.

Curto first acquaints the collector of numismatic paper items with the dangers of deterioration which are common to all paper specimens plus a few emphatic don'ts. These hazards are approached respectively and with valuable tips on how those delicate paper pieces can be permanently protected.

Included in the second part of this seven-page article are methods of restoration and preservation of the paper

item. The methods employed in regard to paper cleaning and preservation, flattening and reinforcement are listed categorically in easy-to-follow guideline form.

We hasten to add that Mr. Curto's paper procedures are as authoritative as you'll find, as the methods used here are advocated by the National Archives, Washington, D.C., and used in the repair and preservation of their manuscripts and precious documents.

This ANA reprint can be obtained for 50¢ by writing the Librarian, American Numismatic Association, P.O. Box 2366, Colorado Springs, Colorado 80901.

BOOK REVIEWS

Learning is wealth to the poor, an honor to the rich, an aid to the young, and a support and comfort to the aged.—Lavater.

ANY QUESTIONS?

THE COMPLETE BOOK OF UNITED STATES COIN COLLECTING. A handbook for beginners and veteran collectors, by Norman M. Davis. 336pp. 150 illustrations. Hard cover. The Macmillan Company, 866 Third Ave., New York 10022. \$6.95.

The "completeness" of Davis' work might best be set forth by quotes from the dust jacket: "It contains the entire history of United States coins from the first colonials to today's nonsilver clads . . . the full story of the \$4 gold 'stella'; the truth about the 1836 and 1839 Gobrecht silver dollars . . . all with the highest and lowest mintages, approximate prices and recommended investments.

" . . . Counterfeits, medals, tokens and other 'collectibles.' A table of mints, a complete star-line and marginal list, a collector's vocabulary and a bibliography complete the volume."

If your interest lies in double dates, die breaks, doubled mint marks or other die varieties you'll find them here. Davis also dwells at some length on inflation 1971 style by frequent reference to what a coin would purchase at the time it was issued. "A yard of calico for a dime and a yard of chintz for 20¢."

Did you know the type 1 buffalo nickel would not work in vending machines? However three of them would buy a pound of sliced bacon. How about the warnick (numismatic term for the silver nickels issued in war time to conserve nickel) that helped trap a Soviet spy.

Considerable research must have gone into the use of many of the coins of yesterday. Davis livens his book with such added touches as "In 1923 Lambert Pharmacal Co. was offering a 25¢ package of Listerine throat tablets to cure bad breath (and implied the ads, restore marital happiness, summon departed suitors and turn bridesmaids into brides)."

The Sign of the Dollar—Legend, lore and fact about our silver dollar . . . will enlighten many an old-time collector.—C. S. YOWELL.

ONE'S OWN STORY

AMERICA'S UNITED STATES—A UNIQUE MEDALLIC PRESENTATION OF THE GROWTH OF THE UNITED STATES AND ITS GREAT MEN AND WOMEN. By Edward Young, president United States Coinage Corp. 125 pp. Illustrated. Hard cover. United States Coinage Corp., P.O. Box 144, Prudential Tower, Boston, Mass. 02199.

The front cover of this catalogue of medals by the United States Coinage Corp. bears a device at the top of an eagle within a circle under which appears the lettering "State Silver Dollar Medals." On the introductory page Young starts off by stating "My silver dollar size State Commemoratives were minted in a small limited edition (5,000) in nickel silver only. . . ."

The Kansas medal pictures on the obverse John Brown, Abolitionist; that of West Virginia "Stonewall" Jackson; Nebraska, William Jennings Bryan; Colorado's medal Zebulon M. Pike and North Dakota's medal a bust of Chief Sitting Bull.

Two full pages of historical data accompany the illustration of each medal and provide interesting reading. It is, in short, a gathering together of much of each state's origin and historical background.—C. S. YOWELL.

NEW EDITIONS

HANDBOOK OF UNITED STATES COINS by R. S. Yeoman. 28th edition, 1971. 127pp. Illustrated. Hard cover. Whitman Publishing Co., 1220 Mound Ave., Racine, Wis. 53404. \$1.50.

More familiarly known as the "Blue Book," it is next to the "Red Book" the coin catalogue most widely referred to by collectors. For twenty-seven years this publication has been the "buy" book of the hobby reflecting the current wholesale market values of all U.S. coins. A basic coverage of Hard Times and Civil War tokens, fractional currency, Colonial

coins, plus a short history of U.S. paper money and a bibliography are included. Available at all coin dealers, hobby shops, and most book stores.—PR.

BUYING & SELLING UNITED STATES COINS by Ken Bressett and R. S. Yeoman. 2nd edition, 1971. 128pp. Illustrated. Paper cover. Whitman Publishing Co., 1220 Mound Ave., Racine, Wis. 53404. \$1.00.

This volume is essentially a condensation of the most useful price listings in both the "Red Book" and the "Blue Book." Giving both retail and wholesale values, the "Red Book" prices are printed in red, the "Blue Book" values in black for quick comparison. Available at all coin dealers, hobby shops, and most book dealers.—PR.

CURRENT COINS OF THE WORLD by R. S. Yeoman. 4th edition, 1970. 256pp. Illustrated. Hard cover. Whitman Publishing Co., 1220 Mound Avenue, Racine, Wis. 53404. \$2.50.

The third book in the Whitman world coin trilogy. Earlier coins are listed in W. D. Craig's *Coins of the World 1750-1850*, and R. S. Yeoman's *Modern Coins of the World 1850-1964*. With a slight overlap this book provides full type coverage from 1948 and prices the coins to the current market. Fully illustrated, it also lists, separately, the controversial issues made primarily for collector sale and not intended for circulation. The latter, in itself, a most handy reference.—PR.

THE WHITE HOUSE, WASHINGTON

August 17, 1937

To the Members of the American Numismatic Association:

It gives me great pleasure to send hearty felicitations and warmest personal greetings to the members of the American Numismatic Association on the occasion of their annual convention. I trust that the forthcoming meeting will be outstanding in the annals of the organization, and that its members will have a thoroughly enjoyable sojourn in the National Capital.

At the closing banquet each person received a souvenir in the form of a bronze Washington medal. These medals were issued by authority of an act of congress in 1899 for the Washington Monument Association to commemorate the 100th anniversary of the death of Washington. There are four reverses making up the series with a common obverse. Each reverse depicts Washington as a Farmer, as a Mason, as a Fireman, and as a Surveyor; only the Farmer and one other reverse were represented in the distribution.

THE NUMISMATIC RECORD OF

Adolf Hitler

by William D. Hyder, ANA J-59458

THE PERIOD from 1933 to 1945 is infamous in modern history. The reason is Adolf Hitler and his Nazi Germany. Although the coinage of this period gives the numismatist a look at Nazi Germany, it totally ignores Hitler. The numismatic record of Adolf Hitler exists only in medallic form.

Adolf Hitler was born on April 20, 1889 in Brannau, Austria. He was forced to quit school at the age of sixteen and find work to support his mother. In 1907, Hitler's application to the Vienna Academy was rejected. After his mother's death, Hitler moved to Vienna. It was there that his political ideas began to jell while attempting to earn a living. His dream was the unification of Austria and Germany.

Austria found the 24 year old Hitler unfit for military service early in 1914. When World War I broke out, Hitler volunteered for the German Army. He was awarded the Iron Cross Second Class on December 2, 1914. The defeat of his chosen country hit him hard. He was later to blame Germany's defeat on the Jews and Marxists in his book, *Mein Kampf*.

In 1919, Adolf Hitler became the 54th member of the German Workers Party (DAP). He was responsible for the name change in 1920 to the National Socialist German Workers Party (NSDAP). On July 29, 1921, Hitler became the leader of the NSDAP. The party grew to 6,000 in 1922, but it was banned throughout much of Germany.

Inflation and depression struck the Weimar Republic. By November 1, 1923, 130 Billion Reichsmarks were worth only one dollar. Dissatisfaction had reached its highest point. Hitler felt this was his moment. On November 8, in a Munich beer cellar, he declared the national revolution with himself the new German Chancellor. He and his followers were going to march on Berlin. His demonstration was stopped the next day, and Hitler was sentenced to five years in prison. The NSDAP, now numbering 55,787, was banned throughout Germany.

Hitler appeared for the first time in the numismatic record as a result of this event. Karl Goetz issued his "Hittler (sic) Putsch" medal at this time. The medal satirized Hitler's attempt at armed revolt.

Hitler was released in 1924, and his party was reinstated. The NSDAP continued to grow, and finally on January 30, 1933, Adolf Hitler was named chancellor. Sometime between 1933 and 1934, the Berlin and Munich mints struck a medal commemorating Hitler's rise to power.

The medal is dollar sized and struck in silver. It is also known in smaller sizes

Editor's Note: The April 19, 1971, issue of *Time* magazine featured a recent auction held in Munich, Germany, that netted several thousands of dollars worth of Adolph Hitler memorabilia. In trying to explain the mania for Hitleriana, several psychologists were quoted. In the past year, sales of Third Reich memorabilia has begun to rise sharply. A few collectors are reported to be old diehard Nazis, young Germans will have nothing to do with the craze, the French outlaw the trade in Third Reich material, the majority are Americans. Collectors and souvenir hunters have always been inspired by strange and esoteric impulses, but Count Klenau, who conducted the recent auction, is convinced that people are not collecting for political reasons. "Collectors have an urge to get close to history." Curiously, the above article by junior member, William D. Hyder, and the *Time* article suggests an availability and an area which could definitely affect the numismatist.

Berlin and Munich Mint Medal of 1933

Winter Relief Medal of 1934

Fortuna, Calif.

struck in silver, bronze and aluminum. The main device on the obverse is a bust of Hitler facing left. On either side of the lower part of the bust are two oak leaves and acorns. The inscription reads, "UNSER DIE ZUKUNFT/ADOLF HITLER," or "Ours the Future, Adolf Hitler." The reverse features an eagle with wings spread, its head turned to the right. Attached to one leg are broken shackles and chains. Around the neck is hung a shield with a swastika design on its surface. The inscription reads, "IM JAHRE DEUTSCHER SCHICKSALS- WENDE/1933," or "In the year of the turn of German fate, 1933." A small incused edge inscription reads, "PRESS. STAATSMÜNZE-SILBER 900 FEIN," or

"Prussian State Mint—Silver 900 Fine." These medals were sold to raise money for Hitler's movement.

Most of the Hitler medals were struck as fund-raisers. Perhaps the best known of these are the Winter Relief medals. The German people were constantly pressured to make contributions to Nazi charities. Chief among these was Winter Relief. It was possible to lose one's job for not contributing. Winter Relief medals have been recorded from four districts in *World Coins*. I believe the following medal falls into this category.

Once again the medal is dollar sized. It appears to be silver plated. The obverse displays a bust of Hitler facing left. The bust is similar to one struck on Winter Relief medals by Paulmann and Crone, Ludenscheid. The inscription reads, "MEINEM FÜHRER/UNVERBRÜCHLICHE TREUE" which translates as, "Inviolable fidelity to my Führer." The reverse bears the inscription, "ZUR ERINNERUNG

For the Junior

AN DIE VEREIDIGUNG DER POL. LEITER DES GAUES WESTFALEN-SÜD AM 25.2.1934," or "In memory of the oath taking of the Political Leaders of the district Westphalia-South on February 25, 1934." The inscription is bordered on either side by an oak branch. The edge on this piece indicates it was struck in a partial collar or more likely, meant to be kept in a holder.

I stated earlier that the latter medal was of the Winter Relief type. I contend this is true for two reasons: (1) the similarity to Winter Relief medals, and (2) the date of issue. As was earlier stated, the bust on this particular medal is similar (there is no noticeable difference) to those on some of the recorded Winter Relief medals. This medal is dated in winter 1934. All recorded Winter Relief medals that I am aware of are dated in this same period. It seems very likely this medal was sold at the described event (or at a later date) as a fund raiser.

These are only two of the medals that depict Hitler. No coins were issued bearing his image. Why? Hitler was able to gain power partially as a result of economic conditions in Germany. After he took over the reign of government, little was changed for the working class. I contend that Hitler preferred not to have himself associated so closely with the coinage. Further inflation would have damaged his propaganda program if he had been depicted upon the coins. There may have been a pattern coin struck in 1942 bearing his image. Nazi Germany had reached its highest point and was on the verge of victory. If she had been victorious, Germany would have experienced an economic boom. This would have been the logical time for Hitler to issue such a coin. History denied him that victory. On April 30, 1945, Adolf Hitler committed suicide as the Third Reich fell around him. His reign had cost the world 50 million human lives.

Author's Note: I would be interested in acquiring more information on these and other Hitler medals. I am also interested in acquiring such medals or pictures of medals.

LATE WORLD IN NEWS

SOUTH AFRICA

AND NOW, THE DECIMAL POINT

South Africa led the way for the British Commonwealth in the change to the decimal system of coinage. Now the Metrication Advisory Board has recommended a change in the writing or recording of values. The change is already in effect with many business publications and the SABS Metrication Department is requesting that the new procedures be universally adopted forthwith, in South and South West Africa.

The use of the comma in place of a decimal point and a space instead of a comma means, for example, that R3 740,59 will mean three thousand seven hundred and forty rands and fifty-nine cents.

WESTERN SAMOA

POPE PAUL COIN TO HONOR POLYNESIAN VISIT

Obviously all the countries visited by Pope Paul VI late last year considered it a great honor to receive the head of state of the Vatican City. In the Philippines, in addition to a stamp issue, commemorative one-peso coins in silver and nickel were released.

Australia had many special medals struck to commemorate the visit—gold, silver, bronze, and even a palladium minting was offered. An overseas country has also released coins in gold and silver to honor the Pope's visit to Australia and the Philippines.

All countries and faiths joined in recognizing with great respect that the visit of a head of state is an event of great importance. Therefore, it seems natural that Western Samoa should record their visit by Pope Paul with the release of a coin. Samoa was thousands of miles "off-course" for the Pope's Manila-Sydney flight, but late in October he insisted his aircraft be diverted so that on November 29, 1970, he could meet the Samoan people.

Undoubtedly all Polynesians considered this a great honor as visits by heads of states or heads of churches, for that matter, are seldom made to these remote areas.

In recognizing this fact the Samoan people plan to issue a \$1.00 coin, in both silver and cupro-nickel, during June 1971. Further details of this crown-sized coin will be made in the near future. Meanwhile order forms may be obtained by writing to the Numismatic Section, The Treasury, Apia, Western Samoa.

From the Pages of *The Numismatist* Fifty Years Ago

by Leon T. Lindheim, LM 290

In anticipation of attending my first national convention of the American Numismatic Association, to be held in Philadelphia in 1969, I thought it would be fun to look back on the ANA of fifty years ago, as seen through the eyes of *The Numismatist*. I found the subject matter so interesting that I decided to share it with my fellow members (see *The Numismatist*, February 1969, page 175). Many of my fellow-collectors were kind enough to write me, telling me that they enjoyed my reminiscing.

With my sights set on St. Louis in 1970 I dug up my 1920 issues of *The Numismatist* and spent a number of enjoyable evenings rereading them. The results appeared in the July 1970 issue. So now, as a quasi-historian, I continue this enjoyable task, in anticipation of discussing the early days of the ANA with my friends this August in Washington, D. C.

In 1921 Boston was chosen as the convention site, to coincide with the celebration at nearby Plymouth of the Pilgrim Tercentenary, being celebrated a year late. The convention report is always interesting. The total membership of the association had grown from 603 to 704. Total receipts for the year were \$2,881.71, while total expenditures were \$2,621.63. Can you imagine, a balanced budget! Only 97 folks registered for the convention, including wives and siblings. The newly elected president was Moritz Wormser, father of Charles M. Wormser, president of New Netherlands Coin Co., which today conducts outstanding auction sales and a large retail coin business. (Charles and his knowledgeable associate, John J. Ford, Jr., will most assuredly be in attendance in Washington, D. C. from August 10 to 14.) The convention issue gave detailed reports on the various exhibits, all non-competitive. Without having seen these exhibits of fifty years ago, I would surmise that today's exhibits, developed in a spirit of competition, with new and unique visual concepts, are both more educational and pleasing to the eye.

Europe was reeling after the devastation caused by World War I and her currency was for the most part unstable. Speculative paper issues and porcelain tokens were reported in almost every issue. Much of it was pictured and, if nothing else, was picturesque. *The Numismatist* made it a point to warn its subscribers to beware of these speculative issues, calling many of them "semi-official frauds," manufactured to attract good United States currency.

Just as it had been for the past few years, more emphasis was placed on new medals than on new coins, although early in the year quite a bit of space was devoted to promoting a two-cent piece that would picture the recently deceased Theodore Roosevelt. Legislation actually passed the Senate, but never succeeded in the House. Its proponents agitated because two-cents was the price for mailing a first class letter. (I cannot believe that in 1921 people only purchased one stamp at a time!)

Only six coin clubs in the U. S. regularly reported on their meetings in *The Numismatist*. These were the New York Numismatic Club, the Boston Numismatic Society, the Rochester Numismatic Association, the Pacific Coast Numismatic Society (San Francisco), the Springfield (Mass.) Coin Club and the Chicago Coin Club. In December the Western Reserve Numismatic Club (Cleveland, Ohio) reported that its organizational meeting was held on November 9, 1921. This has a special interest to me since this is the first coin club that I joined, some twenty-one years ago.

1921 saw the first reporting on the trend toward a silverless coinage, with the announcement that in 1920 Great Britain had reduced the fineness of its silver from 925 fine (sterling) to 500 fine or 50% silver. The next step was taken twenty-seven years later when all silver was removed and the cupro-nickel coinage took its place. At the same time, in the United States, it was announced that after a lapse of seventeen years silver dollars would again be struck, of the same type as coined from 1878 to 1904.

This leads right into the next subject, the Peace Dollar. I wrote last year that Farran Zerbe, a former president of the A.N.A., had read a paper at the 1920 convention wherein he suggested the striking of a Peace Dollar. The June, 1921, issue reported that on May 9, 1921 Congressman Albert H. Vestal, chairman of the House Committee on Coinage, Weights and Measures, introduced a joint resolution "to provide for the coinage of peace dollars," which, of course, became a reality before the end of the year.

The May issue introduced me to a most interesting series of coins. "Baron Goertz Dalers" by Robert Robertson opened my eyes to some coins that I had seen from time to time, but failed to be able to identify. Mr. Robertson's article so intrigued me that I did more research and incorporated this information in a book I wrote in 1966 called "Facts and Fictions About Coins."

One of the highlights of 1921 was the sale of the coin collection of James H. Manning on May 17 by B. Max Mehl, the colorful Fort Worth, Texas dealer. The highlight was the sale of the Cohen specimen of the 1804 silver dollar to Elmer S. Sears for \$2,500. This coin is today owned by the Lammont Du Pont family. Other interesting items include a \$50 U. S. Assay Office slug in very fine condition for \$200, a proof 1856 flying eagle one cent for \$12, a proof 1796 quarter dollar for \$34, an 1836 proof pattern dollar for \$26 and an 1879 Stella for \$109.

Two commemorative half dollar issues were released in 1921, both with two varieties. These were the Missouri Centennial and the Alabama Centennial. Both varieties of each, all four coins, had a new issue price of \$1. In addition, the Pilgrim Tercentenary, originally issued and dated 1620-1920, came out with a second issue with the date 1921 added in the obverse field at the nine o'clock position. Only the Missouri pieces were extensively advertised and strangely enough, they are the pieces that carry the highest premiums today.

And now to the paragraph that I call "eat your heart out." Reading the advertisements are fun and certainly prove that we've had inflation as well as an increased demand for coins. The popular Roman Numerals 1907 double eagles were selling in new condition for \$25, \$3 gold proofs of 1861 for \$20 and of 1877 for \$100 and the eagle of 1907 with "periods throughout motto" for \$75. (The advertisement said 50 struck, but I believe it should have read 500 struck.) Among the silver pieces, all dates of Trade Dollars in proof were selling for \$1.75 each, while Standard Dollar proofs of 1859 and 1860 were advertised for \$2.50 each. Uncirculated one-cent pieces of 1853 through 1857 were offered at 75¢ each and ½ cents of like years for 35¢ to 75¢ each. The complete Panama-Pacific set, in original case, was marked at \$300. Almost all dates were available in copper, silver or gold in uncirculated condition, including pieces I have not seen offered, except at quality auctions, in the past fifteen years. Two currency offers caught my eye, an uncirculated "Lazy Two" from the Colorado Territory for \$8 and an uncanceled and fine 1861 \$500 Confederate States Montgomery Issue for \$75.

Want to talk further about the "good old days?" Look for me at the Washington-Hilton on August 10 through the 14.

CENTURY OLD NOTES

WITH THE ADVANCE of "civilized" ideas, the Japanese are extending the customs of the West in regard to the use of paper money among themselves. We see it stated that they are having a quantity of paper currency printed at Frankfort-on-the-Main. If it expels the silver itzbeues as rapidly as our dimes and quarters were driven out by the "postal currency" nuisance, we hope some day may drift over here.—*American Journal of Numismatics*, October 1871.

Notes & Queries

MARKS COLLECTION TO BE SOLD

The well known collection formed by the late Julian S. Marks of Cincinnati, Ohio, is being catalogued by A. Kosoff Inc. of Palm Springs, California, for a mail bid sale to be held in October 1971.

Marks was best known for his collection of United States Paper Money which won him many an award at numismatic exhibitions and receiving the "best-in-show" designation was hardly a unique experience for him. Marks also collected United States, English and Israeli coins. Most of his U.S. coins were sold by Kosoff in 1970 but the English and Israeli as well as some U.S. coins are to be included in the forthcoming sale.

Another collection out of New York City will be featured in the same catalogue. This group will offer several hundred foreign gold coins and will include about 150 Doubloons. Rounding out the catalogue will be some select U.S. type coins from a midwestern collection.

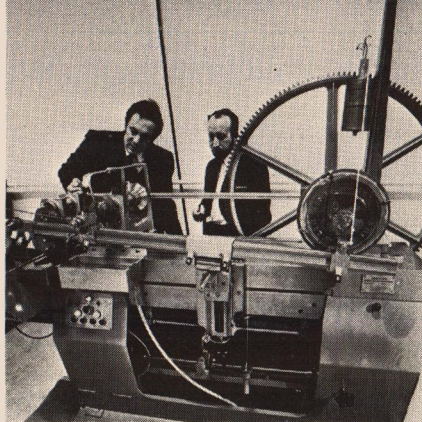

Catalogues will be sent free of charge to all on Kosoff's mailing list. Others may receive a free copy by writing to A. Kosoff, Inc. P.O.B. 4009 Palm Springs, Calif. 92262.

HELP FROM JOE L. SEGEL

The U. S. Mint in Philadelphia has taken delivery of the first of a new generation of automatic Janvier engraving machines. The precision machine is used to engrave master hubs for the production of coinage dies.

Janvier machines are built in Paris at Le Médaillier. S. A., which in 1970 became an affiliate of The Franklin Mint, Franklin Center, Pennsylvania, the world's largest private mint.

The Janvier engraving machine had remained virtually unchanged since it was developed in France in the late 19th century. Only four or five of the machines are painstakingly built each year at Le Médaillier. They require little maintenance, and most of them—including

some that are 75 and more years old—are still in regular service at mints around the world.

When The Franklin Mint took over Le Médaillier, it embarked upon a reengineering program that introduced a number of highly sophisticated improvements to modernize the machine while still retaining its extraordinary durability.

The first of the new generation of machines acquired by the U. S. Mint in Philadelphia will be its fourth Janvier machine. Three more are on order by the federal facility.

Shipped from France by air freight, the machine was assembled and tested at The Franklin Mint, before delivery to the U. S. Mint. The first hub produced on the machine at the workshop in France was enclosed in the crate. Engraved in French as part of the delicate design was: "Le Médaillier sends you best wishes."

CHANGING FACES

John B. Hamrick, Jr., president of World-Wide Coin Investments, Inc., announced that his firm has completed the acquisition of Peachtree Coin Shop, Inc., from Blaise J. Dantone. Hamrick advises that Peachtree will be operated as a subsidiary of World-Wide at 72 Forsyth St., N.W., Atlanta, Georgia. Dantone will continue as an advisor to the corporation.

James V Bonnet Piece

This is a superb example of the first coins struck in Great Britain to bear a date. They show a fine portrait of James V (1513-1542) in a flat, broad bonnet, hence the term "bonnet piece". The legend on the reverse reads, "Honor Regis Ludicium Diligit" (The King's power loves judgement, Psalm 99, verse 4). They were current for 40s. These fascinating coins were first struck in 1539 (the one above is dated 1540) in gold from Crawford Muir and Corehead and, as legend has it, were introduced at a royal banquet in a tureen as fruit of the earth.

The James V Bonnet Piece is a fine example of the coins of all periods and origins available for purchase at the Spink galleries.

The Numismatic Circular gives details every month of over 1,000 coins and medals in stock at Spink. Subscription for 11 issues: £2 per annum (oversea U.S. \$6 airmail \$11).

Modern Coins and Banknotes provides 70 pages of feature articles and illustrated lists of post 1900 coins and banknotes of all periods. Subscription for 5 issues 50p per annum (oversea U.S. \$3).

FRIENDS, ROMANS, COLLECTORS SELL ME YOUR COINS!

In conjunction with the expansion of our retail sales division, we are instituting a separate subsidiary which will be wholly devoted to making purchases for our various divisions.

Due to the enormous need generated by our full volume picture, we are placed in the position of having to buy at a constantly escalating rate. We pay so much more because we sell so much more! We can use a wide and varied assortment of numismatic items that most other dealers just don't have the facilities to handle. We want more than just a few choice items in your collection, we want and need everything, whether it is AG or PROOF, whether OBSOLETE or MODERN. If it's collectable, we want it! Complete collections any series, paper money and foreign coinage WANTED. Obviously it is impossible for us

to list what we want, because we want almost everything and are willing to pay for it.

To those of you whose holdings are considerable, the above as well as the following should be of prime importance. THE MEDALLIC HISTORY OF THE JEWS OF AMERICA

Prototype of Reverse

As the United States approaches its bicentennial in 1976, any national assessment must surely recognize the impact on American life of Jewish thought, vitality and cultural traditions.

America's First Jewish Community

It was in 1654 that twenty-three Dutch settlers arrived in Nieu Amsterdam to found the first Jewish community in the New World. Since that time, millions of Jews — native-born or Americans by choice — have lived out their destinies, enhancing and enriching their 300-year history in a growing and ever-changing America.

A Bridge to Understanding

This Medallic History will serve as more than simply a beautiful and valuable reminder of the rich historical and cultural heritage of American Jews. It will heighten awareness and broaden understanding of all things Jewish and American. And it will do it through the permanent and majestic medium of the sculptor's art.

A Treasured Family Heirloom

A medallic collection is a permanent record, growing in value from year to year, handed down from parent to child. The Medallic History of the Jews of America is something more. It is a spiritual tie between the generations, a moving emotional testimony in everlasting metal to the depth and strength of the roots which bind together all the Jews of America, regardless of age, background, interests or worldly attainment.

Subjects of the Series

The medals in this historical series will portray the impact made by Jews on American history and culture in such fields as the Sciences, Government, Business and Industry, Arts and Letters, Sports and Entertainment.

One hundred and twenty medals will be created, with their subjects in chronological sequence, beginning with the 1654 landing at Nieu Amsterdam. Two medals will be struck each month, for 60 months. The series will be available in 24 Kt. gold on sterling, solid sterling silver, or solid bronze.

Hallmarked Art Medals

The Judaic Heritage Society has selected The Franklin Mint, the world's foremost private mint, to produce this unique series of commemorative medals under contract. The medals will feature a brilliant proof-quality finish which reflects the

The story of the Jews of America can only be told as a part of the history of America itself. More than a century before the time of Jefferson and Washington, Jewish families had already brought their ancient heritage to the shores of the New World. The inspiration and vitality of that heritage will now be captured forever in this unique series of superbly sculpted art medals.

finest application of the minting art. Each limited-edition medal in the series will be hallmarked and individually numbered for its owner. Each medal will be thicker and slightly larger (39 millimeters) than a silver dollar. Silver and gold on sterling medals to contain 500 grains of silver.

A Unique and Meaningful Possession

This first and only medallic history of the Jews of America provides a unique opportunity to acquire a truly meaningful collection. TAKE CARE OF YOUR COINS—SOMEDAY THEY WILL TAKE CARE OF YOU

GOLD sells GOLD

Demand for gold coins recently has been very heavy. In addition to the increased interest from Numismatists in this country, many newcomers have selected gold coins as a hedge against inflation and a possible devaluation. Although most of these people have not collected coins before, many are finding the pleasures enjoyed by Numismatists, and have begun mint sets, date sets, type sets, birth year collections, etc. as a result of their exposure to the gold coins. This increased interest, plus that from England, where gold coin restrictions have been modified to allow unlimited buying, selling, and possession, similar to those in this country, has made a very strong market. Increased demand, coupled with a limited supply of collectable gold coins, has moved prices upward. Recently, we have found that by the time our ad is published, we will, ourselves, pay more to replace our stock. However, we will try, as always, to fill as many orders at our advertised prices as possible. If we find it impossible, we will inform you immediately, and trust that you will understand. We thank all of those whose orders we were able to fill from previous ads, and hope that you consider us first when you wish to sell your gold coins.

— THE DOUBLE SHEKEL OF SIDON —

To this great maritime city, the ancient capital of Phoenicia, belongs the most important coinage down to the time of Alexander the Great. So says Historia Numorum. From a recent find we offer these historic coins of Bible Days. Showing a galley with rowers at sea on the obverse, and the king (Abd-ashtart, also known as Strato I) who reigned from 370-358 BC, on the reverse, these pieces are of good silver and are offered as follows.

MINOR SILVER COINS SOLD BY THE POUND

Due to the many requests we
have been asked to sell minor
coins by the pound and these
pound lots will consist mainly
of Mexican coins with other
countries ADDED. As the mark-
up in Coin Books is so great
over the bullion weight, these
are REAL BARGAINS, and
most of this lot will be BU...
As most silver coins have van-
ished into the melting pots
over the past years this is an
AMAZING INVESTMENT.

"The love of liberty brought us here."

This is the national motto found on the reverse of two of the Liberian coins—along with a portrayal of the sailing vessel bringing the first colonists to this land.

Liberia, established as a nation in 1822, is the second oldest independent nation of Africa and the oldest African democracy. Far beyond its size or population of about 1,000,000 persons, this republic has been vastly influential as a force of modernization in African affairs.

Since the original inhabitants of Liberia were from the United States, it is not surprising that the cultures of these two countries should overlap to a certain degree. At least one area where likenesses can be seen between the two nations is in the coinage.

Mort Reed, well-known NEA coin columnist, pointed out the noticeable similarities between the Liberia coin and the familiar Kennedy Half Dollar of the United States—in both design and lettering (Gilroy Roberts, former Chief Engraver of the U. S. Mint, designed both). In addition, the young Liberian girl depicted is strongly reminiscent of the Liberty Head of early U. S. coinage.

1971 Liberia Proof Set

DEADLINE: JUNE 30

Although Liberia's coinage is like that of the United States in denomination, composition and exchange rate, it is this strong proud image of the "Goddess of Liberty" that is perhaps the most significant of all similarities.

The 1971 Liberia Proof Set is available at the official, government issue price only until June 30. Since the total number of proof sets minted is limited to the number of orders received by the Deadline, orders received postmarked after June 30 must be returned to the sender.

America's Leading Buyer of Rare Coins

WANTS TO BUY FROM YOU!

To build our inventory and to fill our customers' want lists we urgently want to buy choice U.S. coins. Our large volume of sales makes it possible for us to operate on a lower overhead — resulting in a higher offer for your coins.

Over the years it has been our pleasure to have purchased intact many of the finest collections to be sold in America and Europe — including nearly every rarity in the Guidebook. But, you don't have to have one of the world's finest collections or have great rarities — on the contrary, we're keenly interested in any choice individual coins worth \$10 apiece or more.

WHAT WE WANT TO BUY: If you're entire collection is for sale, we'll take anything and everything when we buy it intact. Generally speaking, we're interested in any choice collection which includes scarcities and rarities and early material in Uncirculated and Proof grades.

INDIVIDUAL ITEMS: Or, you can sell us individual sets and items, as thousands of collectors and dealers have done. We want the following: Choice colonial coins, any and all (originals only; no copies please!) all half cents and large cents valued at \$10 each and upward; Indian and Lincoln cents — sets in all or mostly Unc. and Proof grades; 2c and 3c pieces — any valued at \$10 each or more; Nickels — any 1866 to 1938 nickels worth @\$10 or more; Early silver coins — all issues 1794 - 1891 any grade valued at \$10 each or more; Barber coins in EF to Proof grade; all 20th century issues valued @\$10 or more in the Liberty standing 25c, Mercury dime, Liberty walking 50c, etc. series; All silver dollars 1794 - 1935 worth @\$10 or more; All trade dollars 1873 - 1885; all U.S. gold coins of scarce and rare varieties; Territorial gold; all U.S. pattern coins **URGENTLY** wanted; all commemorative coins wanted. We want many other items; if you don't see an item listed above, write to us first and we'll advise you of our interest.

HOW TO SELL TO US: Selling to us is as easy as A-B-C, and thousands of collectors and dealers have done it. Here's all you do: Package your coins carefully and sent them to us by insured or registered mail. Q. David Bowers and James F. Ruddy (A.N.A. life members and professional numismatists for many years) will personally examine your coins and submit a confidential cash offer for them. Upon receipt of our offer you can say "Yes" or "No." (Nearly everyone says "Yes" — our offers are sincere and generous!) We'll airmail our check if you accept our offer; if not, the coins will be returned to you postpaid and insured at our expense.

ADVANTAGES OF SELLING TO US: (1) You get a generous offer for your coins; our tremendous volume of business permits us to pay you more. (2) You get immediate cash payment in full (and in confidence; we do not reveal the price paid or from whom we purchase our coins). (3) You get a pleasant and enjoyable transaction. For years we've been buying coins from sellers like yourself. You'll like the Bowers and Ruddy way of doing business.

For references you may apply to any leading dealer, numismatic organization, or numismatic publication. We are members of: American Numismatic Association (Q. David Bowers is Life Member 336; James F. Ruddy, Life Member 337); Professional Numismatists Guild; American Numismatic Society; Royal Numismatic Society (London), etc.

THINKING OF SELLING? We're ready, willing, and eager to buy from you! If you want quick, confidential cash for your coins — and a generous price as well — you've come to the right place! We'll look forward to hearing from you by mail.

Sincerely, Jim and Nancy Ruddy and Q. David Bowers

If you want to buy coins from us, we'll send you a copy of the latest issue of the Rare Coin Review, regular price \$2, for just \$1 postpaid (subscription to next 6 issues is \$5). It contains excellent values in all U.S. series plus colonials, commemoratives, gold patterns, etc. If you're a dealer or an advanced collector, being on our mailing list is a must!

BU 1945-S NICKEL FOR JUST 50c!

A BU 1945-S "Wartime" silver nickel, a truly gem BU specimen, for just 50c. It's true! It's the Special Offer featured in forthcoming Issue No. 11 of our "Rare Coin Review." With any purchase of \$10 or more from our new catalogue, one of these gem nickels is yours for just 50c!

Actually, there are more reasons for getting our new catalogue. It contains what we and thousands of active collectors and dealers in all parts of the United States consider to be the best buys in the rare coin business today. We're proud of our top quality and accurate grading—and by consistently delivering outstanding values we've built what is probably the largest individual rare coin business in America today. All of which should mean something to you: if you're not a Bowers and Ruddy Galleries customer, let's get acquainted!

And, a nice way to get to know us is via our new "Rare Coin Review" No. 11 — which will be published in a few weeks. It will be a large (with 8½x11" page size printed on high quality glossy paper and profusely illustrated) and crammed with excellent values in U.S. coins including half cents, large cents flying eagle cents, Indian and Lincoln cents (yes, you'll find the "key" dates — and you'll find inexpensive issues as well), 2c and 3c pieces, nickels of all types from shield through Liberty and buffalo to Jefferson issues, half dimes, dimes, 20c, quarters, half dollars, silver dollars (in the Morgan series you'll find a sparkling hoard of the popular "CC" mint issues; a gem 1895 Proof — and many others!), trade dollars, gold coins from \$1 to \$20, not just one but several different \$50 gold "slugs," California gold, patterns, paper money, commemoratives, medals, tokens — and a hundred and one other things to capture your interest! You'll find coins priced from the previously mentioned gem BU 1945-S nickel at 50c to rarities and sets of coins at \$5,000.00, \$10,000.00, and more. You'll find Poor coins and you'll find Proof coins — in short, there's something for every budget, for every numismatic desire.

How much does Issue No. 11 of the "Rare Coin Review" cost? Well, our regular price is \$2 per copy — but while a few hundred extra copies last we'll let you have one for just \$1. How's this for a guarantee: If you don't agree that this catalogue is the most interesting and most value-packed rare coin listing you've ever seen, your dollar will be refunded—and you can keep the catalogue anyway! We're not gambling very much in our opinion — we'd be surprised to get even one catalogue back. But the guarantee is there for you if you're skeptical. There is a catch, however: We don't expect our extra copies of "Rare Coin Review" No. 11 to last very long — so if you want one, send us \$1 today — not tomorrow, but today!

ingot

(Illustration less than actual size)

The San Francisco Historic Silver Slug (made in the image of, and as a companion piece for the famous California Gold Slug) is the only one of its kind. It is the only commemorative struck to commemorate June 24, 1968, the end of silver certificate redemption. It is actually a memorial to the end of our hard money system in the United States.

Each commemorative is individually numbered and registered to its owner.

Price still \$35.00

Also available are five and ten troy ounce ingots. The five ounce ingot is \$13.75, and the ten ounce ingot is \$27.50.

(California residents add 5% tax.)
